## SUMMARY

I am a BCA student specializing in web development, particularly with the MERN stack, HTML, CSS, and JavaScript. With strong analytical thinking and problem-solving skills, I have the technical expertise needed to build efficient and user-friendly applications. I enjoy creating unique solutions and excel in a team environment. I am passionate about full-stack development and eager to gain hands-on experience with real-world industry challenges while continuing to enhance my skills.

Percentage

71.2 / 100

**Bachelor of Computer Applications**

**Capital University**

📅 07/2022 - Present 📍 Jharkhand, India

CGPA

7.36 / 10

## TRAINING / COURSES

**React.JS**

Udemy

**Core Java**

Udemy

## PROJECTS

### Book-Store-Management

📅 01/2025 - 02/2025

- Developed a full-stack web application using React.js, Node.js, Express.js, and MongoDB for efficient management of books and sellers. Designed a responsive user interface for seamless book browsing and a detailed book page displaying images and information. Implemented a feature allowing sellers to upload book covers directly from their phones. Focused on building a data-driven backend to manage book data and interactions effectively.

### Travel List

📅 09/2024 - 09/2024

- Developed a React-based travel list app with features to add, edit, delete, and sort items for efficient travel planning. Showcased skills in state management, React hooks, and dynamic UI design.

### Personal Portfolio

📅 01/2025 - 01/2025

- Set up React project with essential components (Navbar, Home, Projects, Skills, Contact) and implement responsive design using CSS media queries and Flexbox/Grid for layout.

### Ecommerce template

📅 10/2024 - 11/2024

- A fully functional and responsive e-commerce website built using HTML, CSS, and JavaScript. The website allows users to browse products, view detailed product descriptions, and add items to their cart. Designed with a clean and modern UI to ensure a seamless shopping experience.

## SKILLS

### Frontend Development

HTML

CSS

JavaScript

React.js

Bootstrap

### Backend Development

Node.js

Express.js

MongoDB

### Tools & Platforms

Git

GitHub

Postman

Leetcode

Codeforces

## CERTIFICATION

### Academic Excellence in Department of Computer Science

Specialized in computer science for outstanding performance and consistency in academic excellence in the Department of Computer Science. Showed a deep understanding of core computer science concepts and applied them to projects and coursework effectively.

## EXPERIENCE

### Web Development Intern

#### Oasis Infobyte

📅 09/2024 - 11/2024 📍 Virtual

Internship in Web Development And Designing

- Developed responsive web pages
- Optimized user interfaces for better performance
- Developed interactive web applications using React.js for frontend development, with HTML5 for structure and CSS for responsive styling.
